INTRODUCTORY NOTE

As previously disclosed on its Current Report on Form 8-K filed with the Securities and Exchange Commission (the “SEC”) on February 13, 2024, Merrimack Pharmaceuticals, Inc. (“Merrimack or the “Company”), plans to hold a Special Meeting of Stockholders on May 10, 2024 at 10:00 a.m. EST (the “Special Meeting”) to approve a plan for a corporate dissolution, followed by a distribution of the proceeds to the Company’s stockholders from the \$225 million milestone payment, plus residual cash, net of corporate taxes and interest charges accruing under IRS installment sale rules, and other expenses. The Company’s board of directors (the “Board”) has approved the liquidation and dissolution of the Company pursuant to a plan of dissolution (the “Plan of Dissolution”), subject to the approval by the Company’s stockholders.

The Company’s most recent Current Report on Form 8-K filed with the SEC on April 30, 2024, estimated a cash dividend for the initial liquidating distribution in the range of \$14.92 to \$15.15 per share with the actual cash dividend amount expected to be announced on or about May 8, 2024. The Company is filing this Current Report on Form 8-K to provide stockholders with the anticipated final cash dividend amount.

ITEM 7.01 REGULATION FD DISCLOSURE

On May 9, 2024, Merrimack issued a press release announcing that the Board intends to declare a liquidating cash dividend in the amount of \$15.10 per share, if stockholder approval of the Plan of Dissolution is obtained at the Special Meeting on May 10, 2024. The dividend is expected to be paid on or about May 17, 2024, to stockholders of record on May 10, 2024.

We cannot predict with certainty the amount of liquidating distributions to our stockholders. Based on the information currently available to us, we estimate that the aggregate amount initially to be distributed to stockholders will be \$15.10 per share. Total actual distributions, if any, could be higher or lower than \$15.10 per share and the estimate for the amount to be initially distributed to stockholders could change. It is also possible that any distribution could be followed in the future by additional distributions, if it is determined that any reserved amounts no longer need to be reserved. Also, although not anticipated currently, additional amounts could be distributed in the event additional milestones are achieved under the Ipsen and Elevation Oncology agreements.

The full text of the press release is attached to this Current Report on Form 8-K as Exhibit 99.1. The press release was also simultaneously filed on the Company’s website. The information in this Current Report on Form 8-K and Exhibit 99.1 shall not be deemed “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934, or incorporated by reference in any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except as shall be expressly set forth by specific reference in such filing.

Merrimack cautions that these forward-looking statements are subject to numerous assumptions, risks, and uncertainties, which change over time, often quickly, and in unanticipated ways. Important factors that may cause actual results to differ materially from the results discussed in the forward-looking statements or historical experience include the availability, timing and amount of liquidating distributions being different than expected; the amounts that will need to be set aside as reserves by Merrimack being higher than anticipated; the possible inadequacy of such reserves to satisfy Merrimack’s obligations; potential unknown contingencies or liabilities, and Merrimack’s potential inability to favorably resolve them or at all; the amount of proceeds that might be realized from the sale or other disposition of any remaining Merrimack assets; the application of, and any changes in, applicable tax and other laws, regulations, administrative practices, principles and interpretations; the incurrence by Merrimack of expenses relating to the proposed Dissolution being different than estimated; the ability of the Merrimack Board to abandon, modify or delay implementation of the proposed Dissolution, even after stockholder approval; failure of the Company’s stockholders to approve the proposed Plan of Dissolution; the Company’s ability to settle, make reasonable provision for or otherwise resolve its liabilities and obligations, including the establishment of an adequate contingency reserve; and the uncertain macroeconomic and political environment.
